

Join fellow thought leaders and change makers for a summit that could change the world.

Empower and Thrive: Creating New Pathways for Development and Conservation

Hosted by the CARE-WWF Alliance

Save the Date

Tuesday, September 11, 2012 | Washington, D.C.

This summit will convene top thinkers and practitioners from around the world to discuss the next 50 years of conservation and development, in light of changes in population, climate, technology and markets.

Full email invitation to follow.
