This roundtable series is made possible by the generous support of the Rockefeller Foundation.

As the U.S. Supreme Court considers the federal healthcare law, Laurie Garrett, Daniel Altman, and Alexander Preker discuss a new CFR report at a special session for media. The report, The New Global Health Agenda: Universal Health Coverage, analyzes the financial benefits of universal health coverage that would cover all the world's poor, and presents models utilized by developing countries as potential approaches to implementation. The report will be available online on April 24.

This roundtable session will be on the record.

To attend, please contact Zoe Liberman at 212.434.9670, by fax at 212.434.9875, or by email at zliberman@cfr.org.

This invitation is not transferable.
